

Information technology and records management policy

1. Policy statement

*Appropriately managing *Business Records with fit for purpose IT systems and processes is an essential aspect of being an efficient business and ensures Western Power adheres to its legislative obligations, protects its rights and interests and achieves good corporate governance.*

1.1 Purpose

To provide direction to ensure:

- (i) Western Power's *Records are appropriately recorded and retained in accordance with legislation
- (ii) Western Power's *IT assets are adequately protected
- (iii) usage of Western Power's *IT systems is appropriate.

1.2 Scope

This policy applies to:

- (i) all employees, officers and directors of Western Power
- (ii) contractors working within Western Power's workforce
- (iii) all of Western Power's business activities and operations.

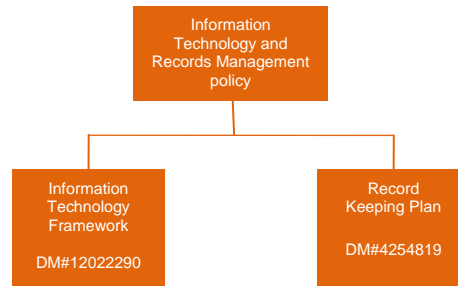

1.3 Principles

Western Power will ensure:

- (i) *Records are created, managed and retained in appropriate and approved systems or files
- (ii) Western Power personnel have access to *Records and *IT systems as per role requirements
- (iii) IT systems are secured in line with business needs and roles
- (iv) IT systems are used for business purposes and personal use is minimised.

1.4 Supporting management *Standards

This policy is supported by the following *Standards.
